FCC COMPLIANCE INFORMATION STATEMENT

The tensility switching AC/DC adapter model 16-00219 is sold only as test equipment to allow setup, configuration, and testing of KeyDefender models KD-1KD2 in a commercial or industrial environment. This AC/DC adapter usage is allowed under FCC Title 47 CFR § 15.103 (C) Exempted devices for: *“A digital device used exclusively as industrial, commercial, or medical test equipment.”*

The operator of the exempted device shall be required to stop operating the device upon a finding by the Commission or its representative that the device is causing harmful interference. Operation shall not resume until the condition causing the harmful interference has been corrected.

The KeyDefender has been tested for compliance to FCC standards. The KeyDefender is intended for use with vehicle 12V DC power systems, and has not been yet FCC certified for use in conjunction with the Tensility AC/DC adapter as part of normal, day-to-day usage.

IC INDUSTRY CANADA COMPLIANCE INFORMATION

The Tensility switching AC/DC adapter model 16-00219 has not been tested with the KeyDefender as of 9/26/2022. As there is not an exclusion rule in Canada, this adapter is not for sale in Canada at this time.
