

Knox ePadlocks featuring Knox eLock offer rapid access and control for perimeters, gates, fences, outdoor storage and other critical or sensitive locations requiring master key access. These ePadlocks contain the patented Knox eLock core, enabling padlocks to be managed in the KnoxConnect system and accessed using the Knox eKey for greater accountability and ease of use. This technology is ideal for mutual aid and shared access with property managers.

## FEATURES

- ✓ All-weather rust-free, stainless steel Grade 6 shackle
- ✓ Weather resistant body with durable cover includes: cylinder protection, sealed shackle holes and drainage system
- ✓ Available in 4", 3" and 2" shackle lengths
- ✓ Attack resistant
- ✓ Key retaining (when open)
- ✓ High-security shroud version available
- ✓ Authorized agency identification label options: Fire (red); EMS (white); Police (blue); Sheriff (gold); and Security (white)

## BENEFITS

- ✓ New shackle lengths support additional applications
- ✓ Improved attack resistance provides longer service life
- ✓ The eLock can be reprogrammed - rekeying is now obsolete
- ✓ Reduced maintenance
- ✓ Easy to share access for mutual aid (no additional keys needed)
- ✓ Key retention prevents dropped/lost keys
- ✓ Accessed with the same eKey as your KnoxBoxes, even when lock codes are different

## MODEL # CROSS REFERENCE TABLE

The table below shows the recommended replacement model for your existing Knox mechanical master key padlock.

PADLOCK TYPE:	IF YOU HAVE KNOX PADLOCK MODEL:	USE KLS PADLOCK MODEL:
MEDIUM SHACKLE	<b>3770</b> <b>3771</b>	<b>3782</b> - 2-3/8" shackle Ensure hasp can accommodate thicker shackle when replacing 3771, which has a 5/16" shackle
ALL WEATHER SHROUDED	<b>3772</b>	<b>3784</b> - 1-1/8" shackle
SHORT SHACKLE	<b>3774</b>	<b>3783</b> - 1-1/4" shackle Ensure hasp can accommodate thicker shackle when replacing 3774, which has a 5/16" shackle

KLS-3784 shrouded padlocks offer maximum attack resistance against shackle cut, deterring unauthorized entry.

## ABOUT KNOX COMPANY

Over forty years ago, a unique concept in rapid access for emergency response was born. The KnoxBox®, a high-security key lock box, was designed to provide rapid access for emergency responders to reduce response times, minimize injuries and protect property from forced entry.

Today, one revolutionary lock box has grown into a complete system providing rapid access for public safety agencies, industries, military, and property owners across the world. The Knox Company is trusted by over 14,000 fire departments, law enforcement agencies, and governmental entities.
