

High Security Narcotics Locker

The smaller capacity Knox DrugBox™ provides the same access control as the standard Knox DrugBox narcotics locker but is available in a smaller size for those who need the security but lack the space for the full size unit. Controlled substances are secured until authorized personnel access them with their unique PIN code. An audit trail showing the time, date and PIN code is recorded each time the vault is opened. This audit trail is collected via a USB port or from the convenience of an office with optional WiFi/Ethernet connectivity. This unit is specifically designed and constructed for mounting in a rescue vehicle.

Features

- Audit trail stores 16,000 events
- Room for 1 to 5,000 unique PIN codes
- Light weight construction designed for use in vehicles
- Manual Key override
- Knox Administration Software
- Ship Weight = 12 lbs.
- Interior Dimensions = 5"H x 7-1/4"W x 3"D

Options

- Available in surface and recessed configurations
- Three versions of software with varying levels of PIN security
- Internal LED lamp
- WiFi Ready
- WiFi Enabled
